

Smart Lock

MANAGE YOUR DOOR OPENING REMOTELY

Bluetooth operated smart lock for home, pensions, smaller hotels or AirB'n'B flats and SOHO clients (small office, home office). Smart lock can be opened with pin code, with smart key card or code generated by the mobile application. You can generate codes with mobile application with limited validity duration and you can easily share the codes with someone.

Measurement of Amiko Smart Lock

Amiko Smart Lock will fit on any door with a thickness of 55-105mm with an industry-standard deadbolt bore hole that is 2-1/8" in diameter. Each lock comes with rubber spacers to help create the most secure fit. The dimensions are included in the diagram below to show the actual size of a AMIKO Smart Lock.
